WV VOTER REGISTRATION ISSUES

West Virginia Voter Registration Application

Please read the instructions below. Note: Your registration cannot be processed without your full legal name, date of birth, driver's license or state ID number (unless none), residence address, affirmation of eligibility, and signature. **Please print in blue or black ink.**

- Line 1** Mark if this is a new registration, party change, or name/address change.
- Line 2** Provide your full legal name, including any suffix (such as Jr., Sr., III), date of birth, and gender. You must be at least 17 years of age and 18 by the next general election to register to vote.
- Line 3** Enter your DMV issued driver's license or state ID number. If you do not have a driver's license or state ID, enter the last four numbers of your social security number. If you do not have any of these numbers, enter the word "NONE," and a voter ID number will be assigned to you.
- Line 4** Provide your residence address (the address where you live). Check the box if you live within city limits. Include the name of the county where you live.
- Line 5** Provide the address where you receive mail, if different than your residence address. Enter a telephone number (for office use only) and email (for office use only).
- Line 6** Select your party choice. You may vote a party primary ballot only if you are registered with that party; however, parties may allow voters who are not affiliated with their party to vote their ballot upon request.
- Line 7** Enter the address where you were last registered to vote and the name under which you were registered.
- Line 8** Mark if you would like to be contacted about serving as a poll worker.
- Line 9** Carefully read each statement. If the statements are true, check the boxes, sign, and date. Knowingly providing false information is perjury, punishable on conviction by confinement in a penitentiary for not less than one nor more than ten years.

Voter Registration Deadline: This registration application will be in effect for the next election if mailed or delivered to your county clerk at least **21 days before the next election**. For county clerk contact information, go to www.wvsos.gov.

First Time Voters: If you are registering to vote for the first time in W.V., or for the first time in this county, and you have not cast a vote in a federal election in this state, you must submit a copy of a current and valid ID with this application or show it the first time you vote. To submit with this form, include: 1) a copy of a current and valid photo ID, or 2) a copy of a current utility bill, bank statement, government check, paycheck or other government document that shows your name and current residence address.

Overseas Citizens and Uniformed Service Voters: Overseas citizens who no longer reside in the United States may enter the last address at which they legally resided. Uniformed service voters should check with the Federal Voting Assistance Program for current instructions at www.fvap.gov.

Questions: Contact your County Clerk, go to www.wvsos.gov, or call the W.V. Secretary of State toll-free at 1-866-767-8683

WV VOTER REGISTRATION ISSUES

- Inaccurate Addresses – **1,205** Registrants using PO Boxes and General Delivery Addresses (**1,005** Voted in the 11/3/2020 General Election), **3,970** Registrants using a Street Name or a Rural Route Number Only
- These Numbers, While Small, should be **Zero**. The Fact that the System Allows for these Errors Indicates a Disturbing Lack of Data Entry Integrity in the System.

WV VOTER REGISTRATION ISSUES

- **121** Double Registrations with the Same Name at Same Address Accounting for **242** Voter ID Numbers
- **All 242** Voter ID's **Voted** in **2020** General Election
- **18** of the Double Voter Registrations with the Same Address Registered Years or Decades Apart and the **VOTER ID** are Consecutive, Something a County Clerk said Could Not Happen
- All Potential Double Registrants have the Same Address and are Easy to Find, How Many More are in The Voter Registration Database that Do Not have the Same Address?
- These Numbers, While Small, should be **Zero**. The Fact that the System Allows for these Errors Indicates a Disturbing Lack of Data Entry Integrity in the System.

WV INVOLVEMENT IN ERIC

- The Electronic Registration Information Center (**ERIC**) is **Incorporated**
- ERIC was Started in 2012 by a Grant from the Pew Center on The States and the **Open Society** (George Soros)
- ERIC **Requires** that **95%** of Targeted List of Non-Registered Voters be Contacted By Member States within 90 Days of Being Provided the List
- ERIC's Bylaws **Do NOT Require** Member States to Clean Up Voter Registration Databases, it is "**strongly encouraged**"
- ERIC does **Not** Disclose Who has Access to the Voter Registration Data from the 31 Member States (Close to 300 Million Records)
- ERIC located **17 Million** New Voters for the 2020 Elections
- **Louisiana** withdrew from ERIC in 2022

WV INVOLVEMENT IN ERIC

- **Data Required Every 60 Days** from ERIC Member States Mandated by ERIC BYLAWS Dated February 2020

Electronic Registration Information Center (ERIC) FAQ

5. How is ERIC Funded?

New members pay a one-time membership fee of \$25,000, which is earmarked to help cover expenses for technology upgrades and expansions necessary to support a growing membership. States also pay annual dues. Annual dues cover operating costs and are based, in part, on the citizen voting age population in each state. Thus, large states pay more in annual dues than small states. Members approve the dues and the annual budget. Dues for the 2021-2022 fiscal year range from about \$15,000 to about \$74,000. ERIC's 2021-22 operating budget is about \$1,037,000. ERIC conducts annual independent audits of its financial statements.

WV INVOLVEMENT IN ERIC

- West Virginia joined ERIC on **5/13/2016** (Secretary of State - **Natalie Tennant**)
- Brittany Westfall, Director of Election for the State of West Virginia, Represents WV on ERIC's Board
 - Brittany was Responsible for the Conversion of the Registration System to a New System as of August 2021
- Donald Kersey II, General Counsel for the Secretary of State, Represents WV on ERIC's Research Advisory Board

WV VOTER REGISTRATION CONCLUSIONS

- WV's Percentage of Registered Voting Eligible Population is **Artificially High** (**88.9%** for 2020 General Election)
- Voter Registration Daily Data from 1990 to 2021 Indicates Abnormally Large Spikes In Voter Registration Before the May Primary and November General Elections with a Steady Increase in the Daily Registrations
- WV New Registered Voters Significantly Increased Between 2012 and 2020 which **Does Not Follow** the **Significant Decrease** In **Voting Age Population**
- Looking at the New Voter Registrants Age Versus the Decade They Registered In Shows a **Big Increase** in Voter Registrations Across Most Age Groups Starting in the 2000's. A Trend of Those with Ages of "20, 25, 30, 35, 40, 45, 50, 55, 60, 65, 70, and 75" having a **Spike** in Registrations that Starts in the 2000's. The **Spikes** are **Not** a **Naturally Occurring Phenomenon.**

WV VOTER REGISTRATION CONCLUSIONS

- WV Voter ID Numbers are Not Assigned in a Consistent Manner with Obvious Changes in the Number of Digits from 7 to 9 in 2004, Yet 2 to 7 Digit Numbers are Still being Issued Today. When Looking at the Age Groups being Assigned the 2 to 7 Digit Numbers, the "40, 50, 60, & 70" and "35, 45, 55, 65, & 75" Age **Spike** in Registrations Appears Again. The **Spikes** are **Not** a **Naturally Occurring Phenomenon**.
- The WV Secretary of State's Office Needs to Lead a Scrub of the Voter Registration Database to Clean Up Issues Such as Inaccurate Birth Dates, Inaccurate Registration Dates, Inaccurate Registration Addresses, Phantom Voters, Multiple Voters Registered at One Address, Multiple Voters Registered at One Invalid Address, and Double Voters Registered at One Valid Address
- The High Registration Rates for Most Age Groups are an Indication of **Potentially Fraudulent Registrations** are Occurring in Those **Age Groups**

WV VOTER REGISTRATION CONCLUSIONS

- While Reviewing Valid Addresses with Multiple Registrants, **Homeless Shelters, YMCA and YWCA, Substance Abuse Clinics, Nursing Homes, Assisted Living Homes, and College Dorms Represent the Majority** of These Locations. The **WV Election Code Allows** for the **Registration of Homeless** (WV Code § 3-2-5(c)(3)(B) and § 3-2-16(b)(1)). The **Registrants** in this Category are **Transient**, Creating a **Large Block** of Registered Voters that can Easily be **Used to Submit Fraudulent Votes**.
- The **Rate** at which **New Voters** are being **Registered** is **Out Pacing** the **Rate** at which **Voters** are being **Cancelled**, While WV's **Voting Age Population** is **Decreasing**. It is too **Easy** to **Fraudulently Register New Voters**.

WV VOTER REGISTRATION CONCLUSIONS

- Involvement in **ERIC** Supplies **Critical Voting Age Population Data** to a **Third Party Company** with **Ties** to **Progressives**
- The **Data** could be Used to **Target** a Certain Type of Person for **Registration**
- The **Data** could be Shared with Political Groups who Use **Artificial Intelligence Software** to **Target** Registered Voter's Cell Phones and Social Media Accounts to **Influence** Them to **Vote or Not Vote**
- **Artificial Intelligence Software** can also Monitor Social Media Accounts to **Predict** if a Registered Voter is **Going to Vote**

WV 2020 GENERAL ELECTION ISSUES

WV General Election - 11/3/2020 Challenged Ballot Details

| Ballot Type | Totals | (%) of Total | Voter Registration Status | Totals | (%) of Total |
|---------------------------------|----------------------------|-----------------|---------------------------------|--------|-----------------|
| Absentee | 850 | 19.46% | Active | 4,096 | 93.71% |
| Early Voting | 579 | 13.25% | Inactive | 6 | 0.14% |
| Regular Voting | 2,940 | 67.29% | Phantom | 269 | 6.15% |
| | | | | | |
| Total Challenged Ballots | 4,369⁽¹⁾ | | | | |
| Total Ballots Cast | 800,387 | | | | |
| (%) Challenged Ballots | 0.55% | | | | |

(1) - Two Challenged Ballots are from Voters with No Voting Method.

WV ELDERLY “VOTERS”

- **8,973 90+ Year Old** Registered Voters
 - **204** are Registered at Bad Addresses (General Delivery, Street Name Only, PO Boxes)
- **5,619 90+ Year Old** Voted in 2020 General Election (Oldest Voter was **109** Years Old)
- **62.6%** Voter Turnout in the **90+ Year Old Category**
- **370 85 - 100 Year Old Registered to Vote for the First Time in 2020** and **Voted** in the **General Election**

WV 2020 GENERAL ELECTION CONCLUSIONS

- The Voter Turnout Does Not Appear to Be High at **63.25%**, But Remove **110,000** Registered Voters **Cancelled** from the **Voter Registration Database** in **2021** and the Turnout Percentage becomes **69.25%** which is Considered **High**
- The First Bullet Explains Why Certain Groups are Trying to Get as Many People Registered to Vote as Possible Using Legal or Illegal Means
- **Absentee** and **Early Voting Methods** Accounted for **51%** of the **Votes Cast in 2020**, **Each Age Group** from **18 to 90 Years of Age** Requested **1,000+** Absentee Ballots, The **Level of Fraud** is **Significantly Higher** in **Absentee** and **Early Voting Methods**
- Having a Large Percentage of the Votes Cast by Absentee and Early Voting Methods makes Injecting the Right Number of Votes into the Election Day Totals to Control the Outcome much Easier! The Election Counting Process does not have to Stop in the Middle of the Night and Last for Days to Reach the Desired Outcome.

WV 2020 GENERAL ELECTION CONCLUSIONS

- A High Level of Voter Turnout in Certain Age Categories in the 2020 Election is an Indication that Fraudulent Votes are being Cast in those Age Groups (Voter Turnout Percentages include the 110,000 Canceled Registered Voters which Artificially Reduce the Percentage)
- The Percentage of Challenged Ballots is an Indication that the Process to Challenge a Ballot is Not being Followed
- Voters Registering to Vote After The Date of Close of Registration for an Election Indicates that a Loop Hole in the Voter Verification Process Exists and Needs to be Closed
- Double Registered/Double Voting at Same Address, and High Percentages of Elderly Registering and Voting is a Sign that The Procedure to Clean the Voter Registration Database needs to be Reviewed and Revised

WV CODE FOR VOTER REGISTRATION AND ELECTIONS

WV CODE CONCERNING VOTER REGISTRATIONS AND ELECTIONS

- WV Code Concerns
 - Change **Registration Code** to **Require Photo ID** and **Proof of Address During Voter Registration Process** (Similar to Federal ID Requirements). If Online or Mail-In Voter Registration Application is Received, Code needs to Require that a **Digital Face to Face Meeting** Occur **Between County Clerk Officials** and **Applicant** for Further Verification of the ID of the Registrant.
 - Digital Voting Machines and Tabulation of the Votes is Not Secure. A WV Code Needs to Be Created that Requires **Paper Ballots** and **Hand Tabulations Only**. Digital Counting can be Used to Verify a Hand Count, But It should be Completed with Optical Scanners without Communications Capabilities and Flash Drive Ports.

WV CODE CONCERNING VOTER REGISTRATIONS AND ELECTIONS

- Allowing A **Longer Period of Time to Vote Invites More Fraud**. **Tighten the Requirements** for Receiving an **Absentee Ballot**, and **Eliminate the Early Voting** Period.
- Create a Code to Allow for a **Voter Feedback Loop** Consisting of an **Online Tool** to Allow Voters to Login and **See How** their **Votes** were **Counted**. Create **Online Process** to **File Complaint** about how Ballot was Counted.
- Create a Code that Requires **ALL Election Data** be made **Public Information** within **10 Days** of the **Certification of the Election**. The Data will not Identify the Voter.

WV CODE CONCERNING VOTER REGISTRATIONS AND ELECTIONS

- Create a Code **Against Sharing Voter Registration and DMV Databases** with Third Party **Companies** such As ERIC. Require that the State of WV Maintain a Department of Software Programmers and Database Developers to Perform Such Tasks.
- Current WV Code does Not Require a Voter ID in Order to Vote. **Require a Voter ID in Order to Vote in ALL Elections. Secure Our Elections!**

WV CODE CONCERNING VOTER REGISTRATIONS AND ELECTIONS

- **Homeless and Other Transient Groups** being **Registered to Vote** should be **Accompanied** by a **Strong Annual Maintenance** of the Active Voter Registration Records. Transient Groups can be Identified by Researching Addresses with a Large Number of Registrations (> 20).
- If a Citizen Group can Find Data which is Considered Inaccurate, in the Voter Registration Database, the Database Maintenance Requirements Need to be Strengthened in the WV Code

WV VOTER REGISTRATION AND ELECTION ISSUES AND SUGGESTED CHANGES

ISSUES & SUGGESTED CHANGES

Voter Registration

- **Issue** – A High Percentage of WV's Voting Population is Registered to Vote (**88.9%** for 2020 Election) with **360,453** New Voter Registrants Since 2012 while the Voting Population Decreased by **44,932**. It is Obvious that Outside Parties are Fraudulently Registering WV Citizens to Vote.
- **Solution** – Outside Parties Fraudulently Registering WV Citizens
 - **Withdraw from ERIC**, Develop the Expertise to Replace Any of ERIC's Beneficial Tasks within the Secretary of State's Staff or Other State Department
 - Complete Verification of **Entire** Voter Registration Database
 - Create a Temporary Task Force to Review Audit Procedure of WV Voter Registration Database and Modify the Audit Process, Leverage Database Experts within the Software Industry
 - Compare the Number of Registered Voters Versus the Number of Voting Age Population per Age Group to Look for High Registration Percentages
 - Require Photo ID and Proof of Residency to Register to Vote (Similar to Federal ID Requirements)

ISSUES & SUGGESTED CHANGES

Voter Registration

- **Issue** – The Voter Registration Process is Too Easy and Invites Fraud. Groups with ERIC's Data Could Easily Register WV Citizens Online or by Mail by Simply Using a Mail Address that is Different from the Registration Address.
- **Solution** – Revise Voter Registration Process to Protect Citizens Right to Vote
 - Online Registrations should Require in Person Follow-Up at County Clerks Office or an Online Video Meeting with County Clerk Designated Employee
 - Mail In Registrations should Require in Person Follow-Up at County Clerks Office or an Online Video Meeting with County Clerk Designated Employee
 - Require County Clerks Designated Employee to Visit Homes, Assisted Living Homes, or Nursing Homes to Confirm Elderly Registrants
 - Increase Enforcement of Current Voter Registration Fraud Laws

ISSUES & SUGGESTED CHANGES

Voter Registration

- **Issue** – Many Issues Such as Inaccurate DOB, Registration Date, Invalid Registration Addresses, Phantom Registrants, Multiple Voters at One Address, Double Registrants Exist in the Voter Registration Database
- **Solution** - Secretary of State's Office needs to Revise the Voter Registration Database Maintenance Procedure to Find the Identified Issues and Correct Them.

ISSUES & SUGGESTED CHANGES

Voter Registration

- **Issue** – The WV Code Allows Homeless and Other Transient Populations to Register to Vote with The Result being that Large Numbers of Registered Voters are at One Address
- **Solution** - Secretary of State's Office needs to Develop a Procedure to Identify Addresses used by the Transient Registered Voters and Determine the Status of Each Voter Registered at those Addresses Annually

ISSUES & SUGGESTED CHANGES

Voter Registration

- **Issue** – The Voter ID Numbers were Changed from a 7 Digit Number to a 9 Digit Number in 2004, however, 2 to 7 Digit Voter ID's Continue to be Used
- **Solution** – Revise the Procedure for Assigning Voter ID Numbers, Train County Clerk Personnel on Revised Procedure, Audit New Voter ID Numbers for 6 Months, Continued Use of the 7 or Less Digit Voter ID's should Result in the Database Rules being Updated to Prevent the Use of 7 or Less Digit Voter ID Numbers

ISSUES & SUGGESTED CHANGES

Voting Process & Election Code

- **Issue** – Absentee and Early Voting Accounted for **51%** of Votes Cast in the 2020 Election and Also are Known for a Higher Percentage of Fraud
- **Solution** – Absentee and Early Voting Percentage Increase
 - **Eliminate** the **Early Voting Period**
(Citizens will Gladly Trade Convenience for Secure Elections)
 - Review **Absentee Ballot** Request Process, Tighten Criteria for Eligibility, Stiffen Ballot Tracking Process
 - The Goal is **90%+** of All **Votes** should be Cast on **Election Day**

ISSUES & SUGGESTED CHANGES

Voting Process & Election Code

- **Issue** – Vote Counting and Reporting Process Needs to Be Secure
- **Solution** – Vote Counting and Reporting Process Security
 - Hand Count and Verify with Optical Scanners, Report Totals by Phone
 - No Group Allowed to have Real Time Access to Precinct Reporting or State Totals Until Polls are Closed
 - Certification Process to Include Review of Paper Trail and Documentation of How Tabulation Issues were Resolved from Precincts
 - Create Online Voter Feedback Tool to Allow Voters to Login and See How Their Votes were Counted using the Ballot Number or Other Secure Method, Create Online Process to File Complaint about how Ballot was Counted
 - Online Voter Tool Vote Counts will Match Certified Election Totals

ISSUES & SUGGESTED CHANGES

Voting Process

- **Issue** – Low Percentage of Challenged Ballots
- **Solution** – Secretary of State's Office, County Clerks, and Poll Officials to Review the Challenged Ballot Procedure, Determine Why it is not being Used, Remove any Obstacles to Challenging a Ballot, and Provide Training to Poll Workers on When and How to Challenge a Ballot

ISSUES & SUGGESTED CHANGES

Voting Process

- **Issue** – A Loop Hole Exists that Allows Newly Registered Voters to Vote in an Election Even if They Registered After the Date of Close of Registration for that Election
- **Solution** – Secretary of State's Office needs to find the Loop Hole that is Allowing the Newly Registered Voters to Vote Before the WV Code Allows Them to Vote and Fix the Problem Whether it is Procedure at the County Level or a Code Problem at the State Level

ISSUES & SUGGESTED CHANGES

WV Election Code

- **Issue** – Sharing Citizen's Digital Data
 - ERIC having Access to the WV Voter Registration and DMV Databases is an Invitation for Citizens with Certain Views to be Targeted for Voter Registration
 - ERIC can Combine WV Citizen's Data with Other Digital Data to be Analyzed by Artificial Intelligence Software for Voting Tendencies and Whether a Voter is Likely to Vote in an Upcoming Election, Both of which Invites Voter Fraud
- **Solution** - Sharing Citizen's Digital Data
 - Create Code that Prohibits the Secretary of State or any other State Government Agency from Entering into Contracts with Companies that Require WV Citizens' Personal Data be Shared with the Company

ISSUES & SUGGESTED CHANGES

WV Election Code

- **Issue** – Digital Voting Devices are Not Secure
- **Solution** - Digital Voting Devices are Not Secure
 - Eliminate Digital Voting Machines
 - Replace with Paper Ballots
 - ✓ Exclusive Contract with Ballot Publisher(s)
 - ✓ Ballots to have a Watermark
 - ✓ Ballots to have a Long, Sequential, Encrypted Number (i.e. WV384175602fzqeyh0000001) with a Tear Off Ballot Number for the Voter to Retain
 - ✓ Review Other Industry Leading Paper Ballot Security Measures and Implement
 - ✓ Require a Voter Signature with Blue Ink Pen for Verification Purposes
 - Hand Count Ballots
 - Confirm Ballot Totals with Optical Scanners **Without Flash Drives and Communications Capability**

ISSUES & SUGGESTED CHANGES

WV Election Code

- **Issue** – In Person Voter Fraud Occurs
- **Solution** – Develop Code to **Require Drivers License** or **Voter ID** to Vote in **ALL Elections**, Provide Voting Location Staff with Database of Drivers License Photos and Voter ID Photos for Election Day Verification

(Photo ID's are Required in Numerous Situations at Many Places of Work and in Our Personal Lives, **Secure Our Elections!**)

ISSUES & SUGGESTED CHANGES

WV Election Code

- **Issue** – Citizens Need Better Access to Election Information
- **Solution** – Create a Code that Requires All Election Data be made Public Information within 10 Days of the Certification of the Election. The Data will not Identify the Voter.

SECURE OUR RIGHT TO VOTE BY SECURING OUR ELECTIONS!
